

SEEDING

Build a solid foundation of English Language
from a young age

Level 1

For std. 1 to 8 students

About NELTAS Institute

NELTAS is a leading education, and innovation company focused on language learning and enhancement with research-based curriculum, training and assessment. We intend to create opportunities for children to master their academic and functional language skills through communicative methods.

NELTAS
PATH TO
EDUCATIONAL EXCELLENCE

About LEAP Course

The formation of LEAP encompasses reading comprehension strategies, writing organisation and types as well as use of formal and functional grammar in real life situations. LEAP provides opportunities to master these skills and use them in their writing and communication in real life situations.

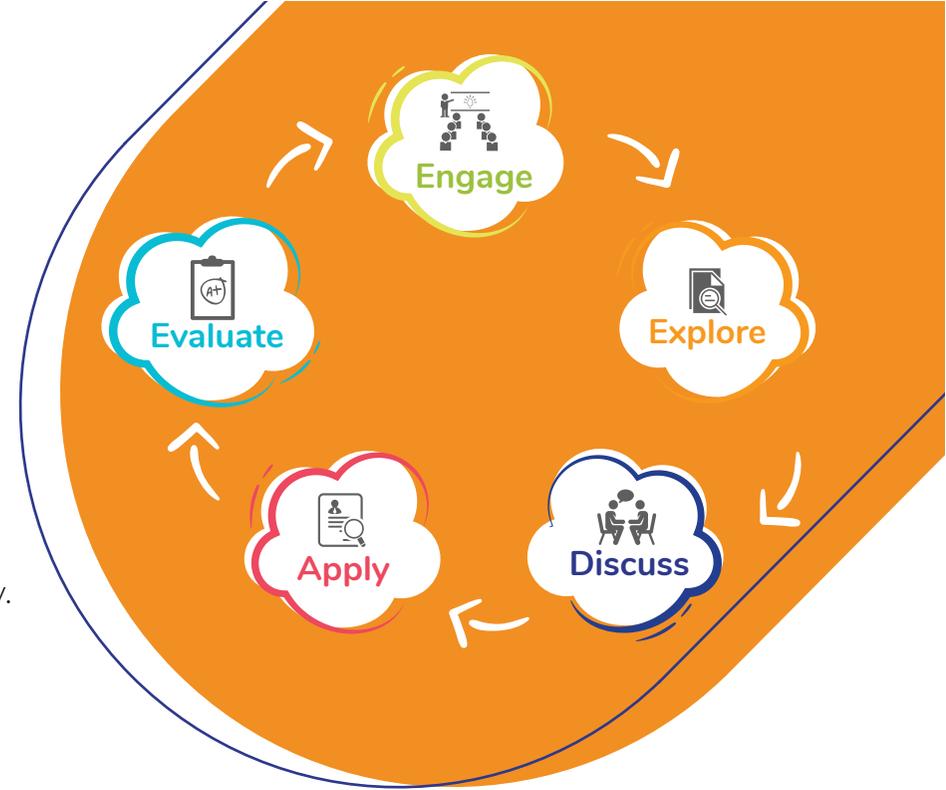

LEAP
Language Enhancement &
Advancement Programme

How will they learn?

NELTAS created the LEAP programme to nurture and enhance students' language and communication skills beyond traditional academic knowledge.

Learning English as early as possible can benefit the child in the later stages of life. The curriculum is based on the 'Experiential Learning Methodology' to ensure that language learning is a fun and educational experience.

Listening, Speaking, Reading and Writing activities are integrated in such a manner that they help students explore their inner feelings, make connections and express effectively.

For Std. 1 to 8

What will they learn?

NELTAS LEAP programme is carefully designed as per the Common Core State Standards and includes many interesting, entertaining and deeply enriching activities.

Reading

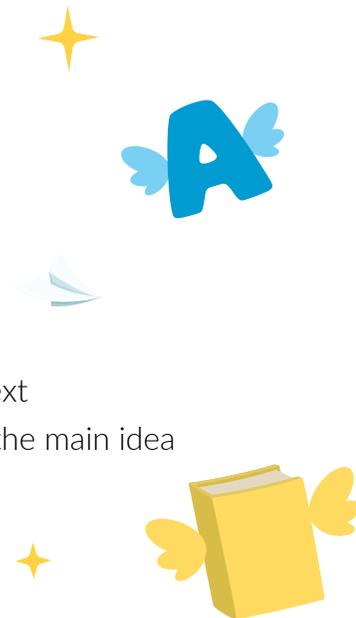

A practical, comprehensive reading program designed to develop proficient reader who can comprehend a variety of texts.

Reading Fluency

- Guided read-aloud sessions
- Read aloud with accuracy, comprehension and appropriate rate
- Read aloud with expression
- Understand critical details in the text
- Attend to punctuation

Reading Comprehension

- Activate and use prior knowledge
- Make and confirm predictions
- Ask and answer 'wh' questions from the text
- Summarise text by retelling or identifying the main idea
- Make connections with the text

Writing Skills

The programme helps students build a foundation for college and career readiness by equipping them to use writing to offer and support opinions, demonstrate an understanding of the subjects they are studying, and convey real and imagined experiences and events.

- Application of grammar concepts in writing sentences
- Revise spellings and punctuation
- Vocabulary acquisition and word building
- Writing short narratives and descriptions with organisers

Listening and Speaking

Students develop proper oral communication and interpersonal skills, and learn to work together, express and listen carefully to ideas.

- Participate in small group discussions
- Collaborate with partners to make presentations
- Ask and respond to questions
- Deliver oral presentation with effective delivery and body language

Grammar

LEAP has built a comprehensive grammar programme that develops fluency with thorough learning of grammatical concepts, focusing on its application while reading, writing and speaking.

Conjunction

Prepositions

Who will teach them?

We at NELTAS ensure that teachers have the required knowledge base with relevant experience in language teaching. Each teacher is carefully recruited and trained for skills necessary to manage language learning as well as the planning and usage of appropriate assessment and evaluation procedures.

Teachers at LEAP are equipped with:

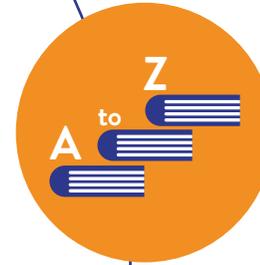

- Language proficiency
- Thorough content training
- A curriculum that has a Learner focused approach
- Assessment and Evaluation methods with detailed performance reports
- Teacher to parent interaction is paramount for the child's success. Parents can help children if they understand what he or she lacks. At LEAP we have a well designed structure to facilitate interaction between parents and teachers at regular intervals.

What are the benefits of LEAP Level 1 Course?

Expressing thoughts better at such a young age with new words.

Building up the basic understanding level of the language.

Children will start enjoying to read more books.

They'll express confidently and more freely in front of the crowd.

What do parents have to say about us?

My son joined the LEAP programme this year. I and my child both are pleased with the LEAP methodology, activities with learning outcomes, curriculum and teachers. The main reason that persuades me to recommend NELTAS LEAP is the teachers' keen interest to see that every child gets the best and all his/her skills are developed.

Bina Nandu, Mother of Dhwanil Nandu (Grade 1)

My daughter is part of NELTAS for a year, and I can see many changes in her Vocabulary, Grammar, and Reading. She never took books to read independently, but after joining NELTAS, her approach towards reading has changed a lot. She willingly takes a book and read. She tries to learn new words and use them in day to day conversation with friends/family. The creative writing part she never wanted to do before now has become a fun thing for her. She keeps on making new stories giving titles on her own. I am delighted to be part of such wonderful classes. Also, special thanks to Shilpa Teacher for making session fun-filled for kids. Thanks a lot, NELTAS and team. Hats off to all your efforts.

Komal Sachdev, Mother of Anaisha Sachdev (Grade 2)

My daughter is nine years old. Here in NELTAS, she has all the freedom and encouragement to speak and express her views. She waits eagerly for the class so that she can say her heart out. I would personally thank faculty, especially Shilpa Teacher who has always been a strong pillar. One to one interaction was very much beneficial to us. Once again thank you to the team who did a fabulous work in this pandemic. I want to thank the whole team of NELTAS for being with us on this journey. I feel proud and honoured to be a part of the same.

Bhairavi Vora, Mother of Tashee Vora (Grade 3)

My daughter has joined NELTAS from Std. 3. She is happily studying and enjoying a lot. She understands the concepts and curriculum very quickly. She loves to do a challenging activity. The main reason to join NELTAS is - perfect learning with less stress. The way of teaching is very similar to school learning which helps her a lot. Shilpa Teacher is also very polite and understanding. Navya can talk with any new person without any fear now. Thank you for supporting my child to gain confidence. She had a great experience, and she is eager to go to the next class.

Hetal Shah, Mother of Navya Shah (Grade 4)

Interactive Learning Strategies

We nurture lifelong learning through interactive classroom strategies. Every session is curated with planned learning outcomes and activities that engage students right from the beginning to the end.

Students are encouraged to be active members of the class through the interactive LEAP sessions. This not only enhances their knowledge but also interest, confidence, team-spirit and freedom of expression.
